

# 9<sup>th</sup> Ultra-weak photon emission workshop in Prague

June 20 - 21, 2014

Institute of Photonics and Electronics

Academy of Sciences of the Czech Republic

Prague, Czechia

## TOPIC

**Ultra-weak photon emission from biological systems - mechanisms, applications, statistical properties and biological relevance (biocommunication)**

## VENUE

Institute of Photonics and Electronics, Academy of Sciences of the Czech Rep.  
Chaberská 57, Prague 8 - Kobylisy, Czech Republic ([map](#))  
(lecture room, ground floor)

## PROGRAM

**20. June:** 09:00 - 18:00 - lectures and discussions  
13:00 - 14:30 - lunch break

**21. June:** 09:00 - 18:00 - lectures and/or common projects discussions  
13:00 - 14:30 - lunch break

## MOTIVATION

**This workshop will serve as a forum for**

- The presentation of new results and ideas in the ultra-weak photon emission research and the related fields.
- The coordination of common research efforts on international level.

## INFORMATION

- Short lectures (15 min) of participants should be dedicated to above mentioned topic.
- Deadline for registration is **June 6, 2014**. For registration, please, fill in the [form](#) and send abstract of the lecture formatted according to the [template](#) to [nerudova@ufe.cz](mailto:nerudova@ufe.cz).
- There will be no registration fee.

## ORGANIZERS

This event is organized by the Bioelectrodynamics research team (<http://bioed.ufe.cz>).  
We cordially welcome you to [Prague](#)!
