

Call for posters

Summer School 2010

POSTER SESSION

organized by

International Institute of Biophysics

Biophotonics and Applications of Biophotons

1st – 6th August 2010

Participants of the Summer School are welcome to submit posters for better interaction with lecturers. Groups dealing with biophoton research and related topics which prefer to present their research on the poster are also welcome to send posters to the Summer School. Posters should be of at least A1 format (594 x 841 mm).

Please notify us about your interest in posting of the poster until **1st July 2010** on the cifra@ufe.cz by sending us a brief **abstract** summarizing the content of the intended poster. Later submission of the abstract will be considered on a space availability basis.

Abstract template is provided on the following separate page.

You will be notified about the acceptance in 1 week after receiving your abstract at latest.

Title of your abstract

First Author¹, Second Author², ...
